

Registry Onboarding Questionnaire

1. General Registry Details

a. Registry name

_____

b. Abbreviation

_____

c. Institution

_____

d. Who can add data (mark one or more)

☐ Any clinician
☐ Academic leads of the registry
☐ Research nurses
☐ Data Manager or Study Coordinator
☐ Other: _____

e. Is all data in digital form

☐ Yes ☐ No

f. Structure of data

☐ Structured (CSV, spreadsheet, database, …)
☐ Unstructured (Word, PDF document, …)

g. IT Platform(s) (mark one or more)

☐ REDCap database
☐ SQL database
☐ Spreadsheet
☐ Other: _____

h. Remote access (URL)

_____

i. Data responsible (name and contact)

_____

j. UML (Unified Modeling Language) diagram

☐ Yes (address): _____
☐ No

2. Registry Metadata

a. Registry description

_____

_____

_____

b. Medical area

_____

c. Type of registry

_____

d. Recruitment area

☐ National ☐ International

e. Recruited countries

---

f. Institution

---

g. Member of EUROCAT

☐ Yes ☐ No

h. Registry Presentation Website (URL)

---

i. Involved diseases (mark one or more)

☐ Giant cell arteritis (temporal arteritis)
☐ Takayasu arteritis
☐ Polyarteritis nodosa
☐ Kawasaki disease
☐ Microscopic polyangiitis
☐ Eosinophilic granulomatosis with polyangiitis
☐ Granulomatosis with polyangiitis
☐ Anti-glomerular basement membrane (anti-GBM) disease
☐ Cryoglobulinaemic vasculitis
☐ IgA vasculitis
☐ Hypocomplementaemic urticarial vasculitis (anti-C1q vasculitis)
☐ Cogan syndrome
☐ Behçet syndrome

j. Data source (universities, hospitals, foundations, ...)

---

k. Ethical review committee (ID of the committee and the numeric approval ID)

---

3. Patient Consent Status

a. How do you copy with GDPR?

☐ Data Protection and Security Policies:

_____

_____

☐ Certifications:

_____

_____

☐ Data Protection Impact Assessment:

_____

_____

☐ Other:

_____

_____

b. Is there a Data Protection Officer

☐ Yes (contact): _____
☐ No

c. Type of consent

☐ Narrow consent
☐ Dynamic consent
☐ Broad consent

d. How is the consent archived (mark one or more)

☐ Internal database
☐ On paper
☐ Other: _____

e. Can patients revoke consent

☐ Yes ☐ No

4. Quality of Data

a. Rate of duplicates (%)

---

b. Rate of completeness (%)

---

c. Rate of consistency / plausibility (%)

---

d. Coherence of the data with the source (e.g. clinical charts) (%)

---

e. How often is the registry updated
